

MISSOURI DEPARTMENT OF TRANSPORTATION
INFORMAL QUOTE GUIDELINES AND DOCUMENTATION
FOR PURCHASES \$3,000 TO \$24,999.99
THIS IS NOT AN ORDER

REQUEST FOR INFORMAL QUOTATION

Please quote the lowest prices covering material specified and provide all information requested.

TODAY'S DATE:	DECEMBER 9, 2009	QUOTE DUE BY:	1:00 PM, CST, WEDNESDAY, <u>DECEMBER 23,</u> <u>2009</u>	F.O.B. REQUIREMENTS:	MoDOT SIGNAL SHOP 111 EDWARDS STREET SIKESTON, MO 63801
DELIVERY DEADLINE:	WEDNESDAY, JANUARY 20, 2010			BUYER NAME /TELEPHONE NUMBER:	TAMMY BAKER (573) 472-5369
QUOTATION No:	Q10-10281-TB				
PROJECT LOCATION:	US 62 AND SELMA				
District Mailing Address /Facsimile #:	MoDOT PO Box 160 Sikeston, MO 63801 Fax: 573-472-5890		Delivery Locations:	MoDOT Signal Shop 111 Edwards ST. Sikeston, MO 63801	

Quantity	U/M	DESCRIPTION (including size and/or part #'s)	UNIT PRICE	UNIT PRICE EXTENSION	DELIVERY TIME
30	each	Vehicle Sensor Nodes			
1	each	Access Point			
1	each	Wireless Repeater			
1	each	CC Interface Card			
3	each	EX Interface Card			

This work shall consist of furnishing the quantities of Vehicle Sensor Notes, Access Points, Wireless Repeaters, CC and EX Interface Cards shown above and as described in the attached specifications.

If the bid is accepted, the bidder agrees that the materials shall be delivered by the Contract completion date: January 20, 2010

MoDOT is exempt from paying Missouri Sales Tax, Missouri Use Tax, and Federal Excise Tax.

This bid shall not be awarded on an “All or Nothing” basis. Contractors selection shall be at the Traffic Engineer’s, or designated representative’s, discretion and may be based, but not limited to the following reasons: price, location of project, availability of material, ability of vendor to supply quantities needed in a timely manner, or other factors related to project areas.

Contract quantities may be adjusted (increased or decreased) at the contract unit price after a supplier is selected. Additional Units may be purchased under this contract at the contract unit cost for a period of 120 days from the acceptance date of this proposal, providing terms are still acceptable to both parties.

Quote may be returned by fax to this number 573-472-5890.

SPECIFICATION FOR A WIRELESS, BATTERY POWERED MAGNETOMETER STOP BAR DETECTION SYSTEM

A SYSTEM REQUIREMENTS

1.0 General

This specification sets forth the minimum specifications for a system that detects vehicles on a roadway using battery-powered magnetometers utilizing wireless communications to transmit detection information to the controller.

The Wireless Battery Powered Magnetometer Vehicle Detection System shall consist of one or more Vehicle Sensor Nodes per lane, Wireless Repeaters mounted on the side of the roadway, one or more Access Points mounted on the side of the roadway, and Contact Closure and Extension Interface Card. Communications between the Vehicle Sensor Nodes and the Access Points shall be wireless.

2.0 System Functional Capabilities

- A2.1 The Vehicle Sensor Nodes shall detect a vehicle by measuring a change in the earth's magnetic field near the Vehicle Sensor Nodes caused by the vehicle (i.e. magnetometer type detection).
- A2.2 The Vehicle Sensor Nodes shall transmit detection information within 125ms of a detected event.
- A2.3 The Vehicle Sensor Nodes shall automatically recalibrate in the event of a detector lock.
- A2.4 Each Vehicle Detection System system shall consist of one or more Vehicle Sensor Nodes per lane located as identified on the intersection plans.
- A2.5 Communications between the Vehicle Sensor Nodes and the Access Points shall be wireless.
- A2.6 The RF link among the Access Points, Wireless Repeaters, and Vehicle Sensor Nodes shall conform to the following:
 - A2.6.1 The RF link shall utilize an IEEE approved wireless communications protocol.
 - A2.6.2 Communications is allowed only in an unlicensed band.
 - A2.6.3 The Vehicle Sensor Nodes and Wireless Repeaters shall be reconfigurable by a user over the wireless interface to avoid interference from other users of the communications band. A minimum of 16 channels shall be provided for this purpose.
 - A2.6.4 The RF link budget shall be 93dB or greater.
 - A2.6.5 The Access Points to Vehicle Sensor Nodes (or Wireless Repeaters to Vehicle Sensor Nodes) RF range shall be at least 150 feet for an Access Points/Wireless Repeaters installed at 24 feet above the roadway and at least 100 feet at 18 feet above the roadway.
 - A2.6.6 The Wireless Repeaters to Access Points RF range shall be at least 750 feet when both units are installed 18 feet above the roadway.
- A2.7 Each Vehicle Sensor Nodes shall transmit a unique identifying code.
- A2.8 The Vehicle Sensor Nodes shall respond within 100 seconds when the Access Points is powered on.
- A2.9 When no Access Points is present or powered on, the Vehicle Sensor Nodes is not required to detect vehicles.
- A2.10 The Access Points shall have the capability to transmit detection information to a 170, 2070, or NEMA traffic controller to provide real time detection information via a standard contact-closure based input shelf.

A2.11 The Vehicle Sensor Nodes, Wireless Repeaters and Access Points shall be capable of accepting software and firmware upgrades.

3.0 Configuration Software Capabilities

A3.1 The Vehicle Detection System shall include the software necessary to configure the Vehicle Sensor Nodes.

A3.2 The Vehicle Detection System shall include the software necessary to configure the Wireless Repeaters.

A7.3 The Vehicle Detection System shall include the software necessary to configure the Access Points.

A3.4 The Vehicle Detection System shall include the software necessary to store and retrieve detection data.

A3.5 During a two-year period from the time of receiving the software, the supplier shall provide standard updates to the software without charge.

4.0 Basis of Payment: No Direct Payment will be made for the system to meet these general system requirements. The system requirements included in this section shall be reflected in each of the applicable component sections that follow.

B VEHICLE SENSOR NODES

1.0 Description: The Vehicle Sensor Nodes shall detect a vehicle by measuring a change in the earth's magnetic field near the Vehicle Sensor Nodes caused by the vehicle and then wirelessly transmit this data to the signal controller via an Access Point or Wireless Repeater. The Vehicle Sensor Nodes shall be Sensys VSN240-T or approved Equal that meets the following minimum specifications:

B1.1 The Vehicle Sensor Nodes shall consist of a magnetometer, a microprocessor, a wireless transmitter and receiver, and a battery.

B1.2 The Vehicle Sensor Nodes components shall be contained within a single housing.

B1.3 The Vehicle Sensor Nodes housing shall NEMA 6P and IP68 standards.

B1.4 The Vehicle Sensor Nodes components shall be fully encapsulated within the housing to prevent moisture from degrading the components.

B1.5 The Vehicle Sensor Nodes shall be able to operate at temperatures from -37°F to +176°F.

B1.6 The Vehicle Sensor Nodes housing shall be capable of being installed in a 4 inch cored hole that is 2.25" deep to be flush with the pavement.

B1.7 The Vehicle Sensor Nodes shall be designed to operate from its battery for a minimum of ten years of life under normal traffic conditions.

B1.8 As an option, the Vehicle Sensor Nodes shall be able to transmit the complete X-Y-Z magnetic signature of a vehicle, sampled at a minimum of 128 samples per second. In this mode, the Vehicle Sensor Nodes shall be designed to operate from its battery for a minimum of 1 year.

2.0 Basis of Payment: The payment for this item will be made for the accepted number of quantities at the contract unit price.

<u>Item Description</u>	<u>Unit of Measure</u>
Wireless Radio Modem	Each

C ACCESS POINTS

- 1.0 Description:** The Access Points shall receive RF data from the Vehicle Sensor Nodes or Wireless Repeaters and transmit that data to the signal controller via an Ethernet cable and a CC Interface Card. The Access Point shall be a Sensys AP240-S or Approved Equal that meets the following minimum specifications:
- C1.1 The Access Points shall be the communication hub of the sensor network.
 - C1.2 The Access Points shall be able to communicate to up to 24 Vehicle Sensor Nodes.
 - C1.3 The Access Points shall be powered via 48V DC, 3W or via non-isolated external 10 to 15V DC, 2W power. Power shall be provided by the CC Contact Closure Card.
 - C1.4 The Access Points shall have at least one powering option that provides 1500V isolation and 5KV surge protection.
 - C1.5 The Access Points shall operate in the -37°F to +176°F temperature range.
 - C1.6 The Access Points shall meet NEMA 4X and IP67 standards
 - C1.7 The Access Points shall be no larger than 12" H x 8" W x 4" D.
 - C1.8 The Access Points shall weigh no more than 3 lbs.
 - C1.9 The Access Points shall communicate to the controller via the CC and EX Interface Cards.
- 2.0 Mounting Hardware:** The supplier shall include the appropriate hardware to mount the Access Point to a signal pole with each Access Point in the contract. The cost of this hardware is to be included in the unit bid price for each Access Point.
- 3.0 Basis of Payment:** The payment for this item will be made for the accepted number of quantities at the contract unit price.

<u>Item Description</u>	<u>Unit of Measure</u>
Access Point	Each

D WIRELESS REPEATER

- 1.0 Description:** The Wireless Repeater shall receive RF data from the Vehicle Sensor Nodes and re-transmit that data to the Access Point. The Wireless Repeater shall be a Sensys RP240-B or Approved Equal that meets the following minimum specifications:
- D1.1 The Wireless Repeaters shall extend the effective communication range of the sensor to the Access Points an additional 750'.
 - D1.2 The Wireless Repeaters shall be battery powered with a minimum battery life of two years under normal operation.
 - D1.3 The Wireless Repeaters battery shall be field replaceable.
 - D1.4 The Wireless Repeaters shall operate in the -37°F to +176°F temperature range.
 - D1.5 The Wireless Repeaters shall meet NEMA 4X and IP67 standards
 - D1.6 The Wireless Repeaters shall be no larger than 5" H x 4" W x 4" D.
 - D1.7 The Wireless Repeaters shall weigh no more than 3 lbs.
- 2.0 Mounting Hardware:** The supplier shall include the appropriate hardware to mount the Wireless Repeater to a signal pole with each Wireless Repeater in the contract. The cost of this hardware is to be included in the unit bid price for each Wireless Repeater.
- 3.0 Basis of Payment:** The payment for this item will be made for the accepted number of quantities at the contract unit price.

<u>Item Description</u>	<u>Unit of Measure</u>
Wireless Repeater	Each

E CC AND EX INTERFACE CARDS

- 1.0 Description:** The Contact Closure (CC) and Extension (EX) Interface Cards shall receive data from the Vehicle Sensor Nodes from the Access Point and provide detector outputs to the signal controller. The CC Interface Cards shall be and EX Interface Cards shall be Sensys CC or EX Interface Boards or Approved Equal that meets the following minimum specifications.
- E1.1 The CC and EX Interface Cards shall provide detector outputs to the controller.
 - E1.2 The CC Interface Card shall communicate with the Access Points via an Ethernet cable.
 - E1.3 The CC and EX Interface Cards shall directly plug in to standard 170/2070 Input Files and NEMA detector racks.
 - E1.4 Each CC and EX Interface Cards shall provide up to 4 channels of detection.
 - E1.5 The CC and EX Interface Cards shall be able to provide pulse or presence detection outputs.
 - E1.6 The CC and EX Interface Cards shall provide for up to 31 seconds of delay
 - E1.7 The CC and EX Interface Cards shall provide up to 7.5 seconds of extension.
 - E1.8 The front panel of the CC and EX Interface Cards shall provide:
 - E1.8.1 Status LED's displaying
 - E1.8.1.1 Detection Channel Status
 - E1.8.1.2 Line Quality
 - E1.8.1.3 Fault Monitor
 - E1.8.2 Ten Configuration DIP switches to enable
 - E1.8.2.1 Presence or Pulse mode
 - E1.8.2.2 Delay
 - E1.8.2.3 Extension
 - E1.8.3 Rotary Switch to program time functions for delay and extension functions
 - E1.8.4 Two Ethernet style RJ45 connectors
 - E1.9 The CC and EX Interface Cards shall be powered by 11 to 26 VDC
 - E1.10 The CC Interface Card shall provide power to the Access Points over the Ethernet cable.
 - E1.11 The CC and EX Interface Cards shall be surge protected to GR-1089 standards
 - E1.12 The CC and EX Interface Cards shall operate -37°F to +176°F temperature range.
 - E1.13 The CC and EX Interface Cards shall operate in up to 95% humidity (non-condensing)
 - E1.14 The Access Box shall provide a communication link between the Access Points and CC Interface Card.
 - E1.15 The Access Box shall provide the ability for remote communications.
 - E1.16 The Access Box shall have 3 Ethernet style RJ45 connectors.
 - E1.17 The Access Box shall not exceed 2-3/8" x 1-1/2" x 7/8" in size.
 - E1.18 One Access Box shall be included with each CC Interface Card.
- 2.0 Basis of Payment:** The payment for this item will be made for the accepted number of quantities at the contract unit price.

<u>Item Description</u>	<u>Unit of Measure</u>
CC Interface Card	Each
EX Interface Card	Each

PREFERENCE IN PURCHASING PRODUCTS

DATE: _____

The bidders attention is directed to Section 34.076 RSMo 2000 which gives preference to Missouri corporations, firms, and individuals when letting contracts or purchasing products.

Bids/Quotations received will be evaluated on the basis of this legislation.

All vendors submitting a bid/quotation must furnish ALL information requested below.

FOR CORPORATIONS:

State in which incorporated: _____

FOR OTHERS:

State of domicile: _____

FOR ALL VENDORS:

List address of Missouri offices or places of business:

THIS SECTION MUST BE COMPLETED AND SIGNED:

FIRM NAME: _____

ADDRESS: _____

CITY: _____ STATE: _____ ZIP: _____

BY (signature required): _____

Federal Tax I.D. #: _____ if no Federal Tax I.D. # - list Social Security #: _____

NOTE: For bid/quotation to be considered, the "Preference in Purchasing Products" form must be on file in the General Services (Procurement) Division and must be dated in the current calendar year.

MISSOURI DOMESTIC PRODUCTS PROCUREMENT ACT

The bidder's attention is directed to the Missouri Domestic Products Procurement Act, Sections 34.350 to 34.359, RsMO, which requires all manufactured goods or commodities used or supplied in the performance of this contract or any subcontract to be manufactured or produced in the United States.

Section 34.355, RsMO, requires the vendor or contractor to certify his compliance with Section 34.353 and, if applicable, Section 34.359, RsMO, at the time of bidding **and** prior to payment. Failure to comply with Section 34.353, RsMO, during the performance of the contract **and** to provide certification of compliance prior to payment will result in nonpayment for those goods or commodities.

Section 34.353.2, RsMO, specifies that it does not apply where the total contract is less than Twenty-Five Thousand Dollars (\$25,000.00). If your total bid is Twenty-Five Thousand Dollars (\$25,000.00) or more, you **must** complete this form as directed below.

Failure to complete and return this document with this bid will cause the State to presume the manufactured goods or products listed in the bid are not manufactured or produced in the United States, and the bid will be evaluated on that basis. Please read the certification appearing below on this form.

- [] If all the goods or products specified in the attached bid which the bidder proposes to supply to the State shall be manufactured or produced in the "United States" as defined in Section 34.350, RsMO, check the box at left.
- [] If only one item of any particular goods or products specified in the attached bid is manufactured or produced in the "United States" as defined in Section 34.350, RsMO, check the box at left and list the items (or item number) here:

- [] If any or all of the goods or products specified in the attached bid which the bidder proposes to supply to the State are **not** manufactured or produced in the "United States" as defined in Section 34.350, RsMO, then: (a) check the box at left; (b) list below, by item (or item number), the country other than the United States where each good or product is manufactured or produced; and (c) check the boxes to the left of the paragraphs below if applicable and list the corresponding items (or item numbers) in the spaces provided.

Item (or item number)	Location Where Item Manufactured or Produced

(attach an additional sheet if necessary)

- [] The following specified goods or products cannot be manufactured or produced in the United States in sufficient quantities or in time to meet the contract specifications. Items (or item numbers): _____
- [] The following specified goods or products must be treated as manufactured or produced in the United States, in accordance with an existing treaty, law, agreement, or regulation of the United States, including a treaty between the United States and any foreign country regarding export-import restrictions or international trade. Items (or item numbers): _____

CERTIFICATION

By submitting this document, completed as directed above, with a bid, the bidder certifies under penalty of making false declaration (Section 575.060, RsMO) that the information contained in this document is true, correct and complete, and may be relied upon by the State in determining the bidders qualifications under and in compliance with the Missouri Domestic Products Procurement Act.

The bidder's failure to complete and return this document with the bid as directed above will cause the State to presume the manufactured goods or products listed in the bid are not manufactured or produced in the United States, and the bid will be evaluated on that basis pursuant to Section 34.353.3(2), RsMO.

STANDARD SOLICITATION PROVISIONS

- a. The Missouri Department of Transportation (MoDOT) reserves the right to reject any or all bids/quotes/proposals, and to accept or reject any items thereon, and to waive technicalities. In case of error in the extension of prices in the bid/quote/proposal, unit prices will govern.
- b. All bids/quotes/proposals must be signed with the firm name and by a responsible officer or employee. Obligations assumed by such signature must be fulfilled.
- c. By virtue of statutory authority, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, made or grown, within the State of Missouri.
- d. Time of delivery is a part of the consideration and, if not otherwise stated in the solicitation documents, must be stated in definite terms by the Bidder/Offeror and must be adhered to. If time varies on different items, the Bidder/Offeror shall so state.
- e. If providing bids/quotes/proposals for commodities, the Bidder/Offeror will state brand or make on each item. If bidding or proposing other than the make, model or brand specified, the manufacturer's name, model number or catalog number must be given.
- f. **For bids/proposals of \$25,000 or more**, no bids/proposals by telephone, telegram or telefax will be accepted. If provided, these bids/proposals should be returned in the MoDOT solicitation return envelope.
- g. If a solicitation return envelope is provided by MoDOT, the bid/quote/proposal should be returned in the envelope provided with the Bid/RFQ/RFP Request Number plainly indicated thereon.
- h. The date specified for the returning of bids/quotes/proposals is a firm deadline and all bids/quotes/proposals must be received at the designated office by that time. The Department does not recognize the U.S. Mail, Railway Express Agency, Air Express, or any other organization, as its agent for purposes of accepting proposals. All proposals arriving at the designated office after the deadline specified will be rejected.

GENERAL TERMS AND CONDITIONS

General Performance

- a. This work is to be performed under the general supervision and direction of the Missouri Department of Transportation (MoDOT) and, if awarded any portion of the work, the Contractor agrees to furnish at his own expense all labor and equipment required to complete the work, it being expressly understood that this solicitation is for completed work based upon the price(s) specified and is not a solicitation for rental of equipment or employment of labor by MoDOT, and MoDOT is to have no direction or control over the employees used by the Contractor in performance of the work.

Deliveries

- a. Unless otherwise specified on the solicitation documents or purchase order, suppliers shall give at least 24 hours advance notice of each delivery. Delivery will only be received between the hours of 8:00 a.m. to 3:00 p.m., Monday through Friday. Material arriving after 3:00 p.m. will not be unloaded until the following workday. No material will be received on Saturday, Sunday or state holidays.
- b. If the prices bid herein include the delivery cost of the material, the Contractor agrees to pay all transportation charges on the material as FOB - Destination. Freight costs must be included in the unit price bid and not listed as a separate line item.
- c. Any demurrage is to be paid by the Contractor direct to the railroad or carrier.

Nondiscrimination

- a. The Contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this contract.
- b. All solicitations either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials or leases of the Contractor's obligations under this contract and the Regulations, will be relative to nondiscrimination on the grounds of race, color, or national origin.
 - 1) Sanctions for Noncompliance: In the event of the Contractor's noncompliance with the nondiscrimination provisions of this

contract, MoDOT shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including, but not limited to:

- i. withholding of payments to the Contractor under the contract until the Contractor complies, and/or,
- ii. cancellation, termination or suspension of the contract, in whole or in part.

Contract/Purchase Order

- a. By submitting a bid/quote/proposal, the Bidder/Offeror agrees to furnish any and all equipment, supplies and/or services specified in the solicitation documents, at the prices quoted, pursuant to all requirements and specifications contained therein.
- b. A binding contract shall consist of: (1) the solicitation documents, amendments thereto, and/or Best and Final Offer (BAFO) request(s) with any changes/additions, (2) the Contractor's proposal and/or submitted pricing, and (3) the MHTC's acceptance of the proposal and/or bid by purchase order or post-award contract.
- c. A notice of award does not constitute an authorization for shipment of equipment or supplies or a directive to proceed with services. Before providing equipment, supplies and/or services, the Contractor must receive a properly authorized purchase order and/or notice to proceed.
- d. The contract expresses the complete agreement of the parties and performance shall be governed solely by the specifications and requirements contained therein. Any change, whether by modification and/or supplementation, must be accomplished by a formal contract amendment signed and approved by and between the duly authorized representative of the Contractor and the duly authorized representative of the MHTC, by a modified purchase order prior to the effective date of such modification. The Contractor expressly and explicitly understands and agrees that no other method and/or no other document, including correspondence, acts, and oral communications by or from any person, shall be used or construed as an amendment or modification.

Subcontracting

- a. It is specifically understood that no portion of the material or any interest in the contract, shall be subcontracted, transferred, assigned or otherwise disposed of, except with the written consent of MoDOT. Request for permission to subcontract or otherwise dispose of any part of the work shall be in writing to MoDOT and accompanied by documentation showing that the organization which will perform the work is particularly experienced and equipped for such work.
- b. Consent to subcontract or otherwise dispose of any portion of the work shall not be construed to relieve the Contractor of any responsibility for the production and delivery of the contracted work and the completion of the work within the specified time.
- c. All payments for work performed by a subcontractor shall be made to the Contractor to whom the contract was awarded and the purchase order issued.

Invoicing and Payment

- a. MoDOT is exempt from paying Missouri Sales Tax, Missouri Use Tax and Federal Excise Tax. However, the Contractor may themselves be responsible for the payment of taxes on materials they purchase to fulfill the contract. A Federal Excise Tax Exemption Certificate will be furnished to the successful Bidder/Offeror upon request.
- b. Each invoice should be itemized in accordance with items listed on the purchase order and/or contract. The statewide financial management system has been designed to capture certain receipt and payment information. Therefore, each invoice submitted must reference the purchase order number and must be itemized in accordance with items listed on the purchase order. Failure to comply with this requirement may delay processing of invoices for payment.
- c. Unless otherwise provided for in the solicitation documents, payment for all equipment, supplies, and/or services required herein shall be made in arrears. The Missouri Highways and Transportation Commission (MHTC) shall not make any advance deposits.
- d. The MHTC assumes no obligation for equipment, supplies, and/or services shipped or provided in excess of the quantity ordered. Any authorized quantity is subject to the MHTC's rejection and shall be returned at the Contractor's expense.
- e. The MHTC reserves the right to purchase goods and services using the state-purchasing card.

Applicable Laws and Regulations

- a. The contract shall be construed according to the laws of the State of Missouri. The Contractor shall comply with all local, state, and federal laws and regulations related to the performance of the contract.
- b. The Contractor must be registered and maintain good standing with the Secretary of State of the State of Missouri and other regulatory agencies, as may be required by law or regulations. Prior to the issuance of a purchase order and/or notice to proceed, the Contractor may be required to submit to MoDOT a copy of their current Authority Certificate from the Secretary of State of the State of Missouri.
 - 1) Prior to the issuance of a purchase order and/or notice to proceed, all **out-of-state** Contractors providing services within the state of Missouri must submit to MoDOT a copy of their current Transient Employer Certificate from the Department of Revenue, in addition to a copy of their current Authority Certificate from the Secretary of State of the State of Missouri.
- c. The contractor shall only utilize personnel authorized to work in the United States in accordance with applicable federal and state laws and Executive Order 07-13 for work performed in the United States.
- c. The exclusive venue for any legal proceeding relating to or arising, out of the contract shall be in the Circuit Court of Cole County, Missouri.

HB600 Compliance

The bidder must be in compliance with the laws regarding conducting business with the State of Missouri. The bidder should ensure they are in good standing with the Missouri Department of Revenue. Prior to award MoDOT staff will check with the Missouri Department of Revenue to ensure compliance with the provisions of RsMO 34.040.6 If Necessary a " Certificate of No Tax Due" may be requested of the successful Bidder. If such a certificate is requested, the Bidder's inability to provide this document will result in his/her bid being rejected.

Preferences

- a. In the evaluation of bids/quotes/proposals, preferences shall be applied in accordance with Chapter 34 RSMo. Contractors should apply the same preferences in selecting subcontractors.
- b. By virtue of statutory authority, RSMo. 34.076 and 34.350 to 34.359, a preference will be given to materials, products, supplies, provisions and all other articles produced, manufactured, made or grown within the State of Missouri. Such preference shall be given when quality is equal or better and delivered price is the same or less.
 - 1) If attached, the document entitled **"PREFERENCE IN PURCHASING PRODUCTS"** should be completed and returned with the solicitation documents.
 - 2) If attached, the document entitled **"MISSOURI DOMESTIC PRODUCTS PROCUREMENT ACT"** should be completed and returned with the solicitation documents. **Applies if bid is Twenty-Five Thousand Dollars (\$25,000.00) or more.**
- c. In the event of a tie of low bids, the MHTC reserves the right to establish the method to be used in determining the award

Remedies and Rights

- a. No provision in the contract shall be construed, expressly or implied, as a waiver by the MHTC of any existing or future right and/or remedy available by law in the event of any claim by the MHTC of the Contractor's default or breach of contract.
- b. The Contractor agrees and understands that the contract shall constitute an assignment by the Contractor to the MHTC of all rights, title and interest in and to all causes of action that the Contractor may have under the antitrust laws of the United States or State of Missouri for which causes of action have accrued or will accrue as the result of or in relation to the particular equipment, supplies, and/or services purchased or produced by the Contractor in the fulfillment of the contract with the MHTC.
- c. In the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the Contractor may request MoDOT to enter into such litigation to protect the interests of the MHTC, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

Cancellation of Contract

- a. The MHTC may cancel the contract at any time for a material breach of contractual obligations or for convenience by providing the Contractor with written notice of cancellation. Should the MHTC exercise its right to cancel the contract for such reasons, cancellation will become effective upon the date specified in the notice of cancellation sent to the Contractor.
- b. If the MHTC cancels the contract for breach, the MHTC reserves the right to obtain the equipment, supplies, and/or services to be provided pursuant to the contract from other sources and upon such terms and in such manner as the MHTC deems appropriate and charge the Contractor for any additional costs incurred thereby.

Bankruptcy or Insolvency

- a. Upon filing for any bankruptcy or insolvency proceeding by or against the Contractor, whether voluntary or involuntary, or upon the appointment of a receiver, trustee, or assigned the benefit or creditors, the Contractor must notify MoDOT immediately. Upon learning of any such actions, the MHTC reserves the right, at its sole discretion, to either cancel the contract or affirm the contract and hold the Contractor responsible for damages.

Inventions, Patents, and Copyrights

- a. The Contractor shall defend, protect, and hold harmless the MHTC, its officers, agents, and employees against all suits of law or in equity resulting from patent and copyright infringement concerning the Contractor's performance or products produced under the terms of the contract.

Inspection and Acceptance

- a. No equipment, supplies, and/or services received by MoDOT pursuant to a contract shall be deemed accepted until MoDOT has had reasonable opportunity to inspect said equipment, supplies, and/or services.
- b. All equipment, supplies, and/or services which do not comply with the specifications and/or requirements or which are otherwise unacceptable or defective may be rejected. In addition, all equipment, supplies, and/or services which are discovered to be defective or which do not conform to any warranty of the Contractor upon inspection (or at any later time if the defects contained were not reasonably ascertainable upon the initial inspection) may be rejected.
- c. The MHTC reserves the right to return any such rejected shipment at the Contractor's expense for full credit or replacement and to specify a reasonable date by which replacements must be received.

- d. The MHTC's right to reject any unacceptable equipment, supplies, and/or services shall not exclude any other legal, equitable or contractual remedies the MHTC may have.

Warranty

- a. The Contractor expressly warrants that all equipment, supplies, and/or services provided shall: (1) conform to each and every specification, drawing, sample or other description which was furnished to or adopted by MoDOT, (2) be fit and sufficient for the purpose expressed in the solicitation documents, (3) be merchantable, (4) be of good materials and workmanship, and (5) be free from defect.
- b. Such warranty shall survive delivery and shall not be deemed waived either by reason of the MHTC's acceptance of or payment for said equipment, supplies, and/or services.

Status of Independent Contractor

- a. The Contractor represents itself to be an independent Contractor offering such services to the general public and shall not represent itself or its employees to be an employee of the MHTC. Therefore, the Contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers' compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save and hold the MHTC, its officers, agents and employees harmless from and against any and all losses (including attorney fees) and damage of any kind related to such matters.

Indemnification

- a. The Offeror shall defend, indemnify and hold harmless the Commission, including its members and department employees, from any claim or liability whether based on a claim for damages to real or personal property or to a person for any matter relating to or arising out of the Offeror's performance of its obligations under this Agreement.
